

ORC-E5

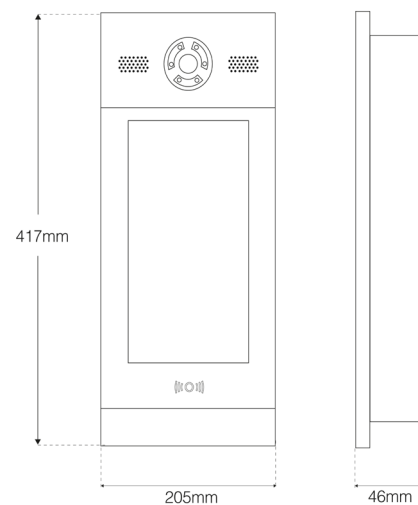

ITEM NO: 12557

The ORC E5 is meticulously designed and engineered to facilitate seamless multi-point communication from both external and internal locations. This versatile system is ideal for both small and large residential settings, ensuring comprehensive connectivity across various points within the property.

Equipped with a high-impact glass touch screen, the ORC E5 offers an intuitive and responsive user interface, enhancing the overall user experience. The durable glass not only provides a sleek and modern appearance but also ensures longevity and resistance to wear and damage. Whether used in single-family homes or multi-unit residential complexes, the ORC E5 delivers reliable and sophisticated communication capabilities, making it an essential component for modern residential communication needs.

DIMENSION

SPECIFICATION

Size	417mm x 205mm x 46mm	Weight	2kg
Finish	Alloy	Flush Box Size	152mm x 94mm x 45mm
Box Weight	2.5kg	IP Rating	IP55
Vandal Rating	IK08		

TECHNICAL INFORMATION

Power	12V DC	Rated Power	3W / 7W
Display Type	10" TFT LCD	Temperature	-30 °C - 70 °C
Humidity	20% - 95% R.H	Memory	DDR2 1GB
Camera Resolution	CMOS	Network	10/100 (BaseT)
Cabling	CAT-5E (Rj45)	Audio Codec	G.711U, G.711A
Video Codec	H.264	Button	Touch Screen
Relay	COM, NC & NO	Pole	1
